

Us Someday

Thomas Rhett

"I do", with a ring on your hand
Raise a toast with some cheap champagne
Tears fall from your daddy on your first dance
Couple cans on a Chevrolet
Right now feels like forever
Like it's a million miles away
But I can see us together
My love, that will be us someday
Couple kids running wild in the backyard
Handprints in a new driveway
Road trips in a packed out old car
Little league on a Saturday
You call me crazy dreaming
But I'm gonna dream away
Close my eyes and I swear I see you
My love, that will be us someday
That will be us someday!
Oooh
You can't control the way life's gonna go
But if there's one thing that I know
Is you and me in an old rocking chair
You're still pretty and I'm turning grey
Thinking back on the memories we share
Thinking 'bout whatcha used to say
"Boy, you're a crazy dreamer"
But I knew in that moment, babe
Our love would just go deeper
My love, that'll be us someday
I knew it back then, that would be us someday
That would be us someday!
That'll be us someday
