For You From Me

Jon McLaughlin

Unexpected, understatement of the year and that's for sure,
Who'd of thought that I'd be standing at your door,
It's just the way you say my name and it throws me,
And all the windows of my past are closing,
And everything that you see,Is for you from me,
I give it away so easily,
Never stopped to look at whats behind,
For you from me,
And everything we want will be holding us together tonight, tonightUnexpected, I'm not used to chasing dreams and catching them,
All of a sudden I'm the winner in the end,
I'm used to every door I open closing,
Always making sure I'm not supposing
I can't believe I'm really hereFor you from me,
I give it away so easily,
Never stopped to look at whats behind,
For you from me,
And everything we want will be holding us together tonightAnd we will never fall,
We'll defy the laws of this world,
With new ones of our own,
That's the way I feel,
Stupid but for real,
And all that I am isFor you from me,
I give it away so easily,
Never stopped to look at whats behind,
For you from me,
And everything we want will be holding us together tonightFor you from me,
I give it away so easily,
Never stopped to look at whats behind,
For you from me,
And everything we want will be holding us together tonight, tonight
