

# Lovin' Cup

## The Paul Butterfield Blues Band

Early in the morning when the sun come up  
You're sittin' there drinkin' from that lovin' cup Won't you tell me somebody what can I do  
Honey, I wanna drink from that lovin' cup, too  
Honey, I wanna drink from that lovin' cup, too You don't wash your hair, you don't wash your clothes  
What else you don't do baby nobody knows Won't you tell me somebody what can I do  
Honey, I wanna drink from that lovin' cup, too  
Honey, I wanna drink from that lovin' cup, too You could be downtown workin' makin' lots of money  
Instead of walkin' these streets baby actin' funny Won't you tell me somebody what can I do  
Honey, I wanna drink from that lovin' cup, too  
Honey, I wanna drink from that lovin' cup, too Won't you tell me honey I can have a taste  
Cause you're lettin' that good thing go to waste Won't you tell me somebody what can I do  
Honey, I wanna drink from that lovin' cup, too  
Honey, I wanna drink from that lovin' cup, too
