

# Lovin' Cup

## The Paul Butterfield Blues Band

Early in the morning when the sun come up  
You're sittin' there drinkin' from that lovin' cup  
Won't you tell me somebody what can I do  
Honey, I wanna drink from that lovin' cup, too  
Honey, I wanna drink from that lovin' cup, too  
You don't wash your hair, you don't wash your clothes  
What else you don't do baby nobody knows  
Won't you tell me somebody what can I do  
Honey, I wanna drink from that lovin' cup, too  
Honey, I wanna drink from that lovin' cup, too  
You could be downtown workin' makin' lots of money  
Instead of walkin' these streets baby actin' funny  
Won't you tell me somebody what can I do  
Honey, I wanna drink from that lovin' cup, too  
Honey, I wanna drink from that lovin' cup, too  
Cause you're lettin' that good thing go to waste  
Won't you tell me somebody what can I do  
Honey, I wanna drink from that lovin' cup, too  
Honey, I wanna drink from that lovin' cup, too
