

# Chained to a Life

## Mimes On Rollercoasters

Working all day; sleeping all night.  
Do it again; eventually we get it right.  
Chained to a life; a repetitive song.  
Over and over; it won't last too long.

The powers that be; switching us on.  
Download a profile; can never be wrong.  
Mechanical thoughts tell us to sing.  
We're just a part of a bigger machine.
