Codex Avellum

Park

Let's give up, let's give in
Desperate, pathetic
The same place I've beenSing all night
Sing all night
Sing all night longI had it, a feeling of failure sucked dry
Lost like a camera's wide open eye
We've lost it a feeling for staying alive
Free from infection, free from this life(Some days)
Some days slip
While others come crashing in
(Some days)
Some daysI had it, a feeling of failure sucked dry
Lost like a camera's wide open eye
We've lost it, a feeling for staying alive
Free from infection, free from this lifeSing all night
([Incomprehensible])
Sing all night
([Incomprehensible])
Sing all night long
([Incomprehensible])
(Destruction)I had it, a feeling of failure sucked dry
Lost like a camera's wide open eye
We've lost it, a feeling for staying alive
Free from infection, free from this lifeLet's give up
Let's give in
Let's give up
Let's give inLet's give up
Let's give in
Let's give up
Let's give inSome days slip
Some days slipSing all night
Sing all night
Sing all night longSing all night
Sing all night
Sing all night long
