

# Eunuch Provocateur

## The Mars Volta

The Al Sirat hides behind  
A wardrobe of eunuchs  
Seconds collide  
Till the Padisha scandal  
The cauldrons have eyes  
By way of racket and vice  
A brothel's bedpan  
Filled with demi - monde lice  
Dethroned by the comatorium  
De - loused in the comatorium

The Al Sirat hides behind  
A wardrobe of eunuchs  
Seconds collide  
Till the padisha scandal  
Tribunals installed  
Now that the Provoste  
Has been de - frocked  
The labefaction is venal  
My how these tricks turn themselves  
In the wake of the inquisition  
Limbless answers inoculated  
I've caught Mono bobbing for barbed wire  
These nasty sores of Ataxia  
Will feel the sting  
Of the opiate copulation
