

In Your Mind

Jamie Lidell

I feel broke down
I feel like it gon' pass
Feel like, no one understands
When youre down,
Ill be your friend
And I wont let you,
Stay this way, yeah
Cause its all in your mind
Its all in your mind
Its all, its in your mind
Its all, its in your mind
Cause its all in your mind
Its all your mind
Its inFeeling stressed now
Feeling down, baby
Feeling like, already dead
Feel the same, I need to say
That before it happen, any day
Any day now, is the chase.
Let it out baby, let it out now
Say youre standing in the hallwayIts all in your mind
Its all in your mind
Its all, its in your
Its all, its in your mind
Your mind
Its all in your mind
Its all, its in your
In your mindWanna take you away
From all your illusions
I know how you feel,
Understand your confusions
Baby I see you, so simple and clear
In my mind, I know youve nothing to fearIts all in your mind
Its all in your mind
Its all, its in your
Its all, its in your mind
Your mind
Its all in your mind
Its all, its in your

In your mind.
