Heartbreak Therapy

Tanner Patrick

I saw you and my heart dropped
Had a vision of us
And then the world stopped
Stopped spinning around
I get so caught up in you
That I never saw the road block
With every kiss your lips are getting colder
And it's so damn hard to wake up
When it's over
There she goes with my memories
Skin and bones every part of me
Wears my soul like an accessory
She's giving me heartbreak therapy
I crash and burn
Guess you gotta break down
To learn to get up again
Even when it hurts I know that she
She's giving me heartbreak therapy
Back when I had good thoughts
I had a vision for us we had a good shot
But you shot that down and now I'm finding
A path that I never thought would find me
With every breath the mess you made digs deeper
And the time you stole turned minutes into years
There she goes with my memories
Skin and bones every part of me
Wears my soul like an accessory
She's giving me heartbreak therapy
I crash and burn
Guess you gotta break down
To learn to get up again
Even when it hurts I know that she
She's giving me heartbreak therapy
With every call the walls are getting closer
And it tears me up to know that this is over
There she goes with my memories
Skin and bones every part of me
Wears my soul
She's giving me heartbreak therapy

I crash and burn
Guess you gotta break down
To learn to get up again
Even when it hurts I know that she
She's giving me heartbreak therapy
Oh, oh, oh
She's giving me heartbreak therapy
She's giving me heartbreak therapy
