

# Small Rooms

## Papas Fritas

Children of the Revolution  
Yeah I know your world is dying  
Kids today don't like it anyway  
Shaking to a new solution Wanderlust - the rooms are too big for us  
Memories fade - legends grow old and rust I like small rooms Hear the sound of your own voice  
Find a space and take a name  
Say hello to all the kids for me  
I know you're making out at this game Heal yourself - blue eyed boys don't need help  
Clear the floor - put your books on the shelf  
I like small rooms
