Carrying

Instalok

I can't believe things are over
Didn't want it all to end this way
Still carrying your blood across the ocean now
'Cos it has to be this wayBeginning to see a little clearing
There's just one object in the way
Still carrying your blood across the ocean now
And then hopefully you'll stayIt feels just like it's for someone else
But now is here I won't let it downIt feels just like it's for someone else
But now is here I won't let it downStill waiting for confirmation
It's all I've ever wanted to be
Still carrying that blood across the ocean now
'Cos I want you here with me
Need you with me
