One to One

Joe Modifica

One to one - connection, direction
Ever since the day we met
We tried to get everything we wanted
We tried to give with no regretOne to one - reflection, selection
Always wanting your lips to mine
Forever hoping with the best intentions
Forever knowing in my touch you'll find
Some trust and piece of mineOne to one is the only way you'll find
One to one what's on our minds
Movements and gestures they all define
One to one, one to one anytime, I'll take
One to one every timeOne to one - sensations, temptations
Memories made are like pictures that fade
One to one - tensions - concessions
Never gone always a ripple awayAnytime, anywhere it's true
Not in a letter or the phone will do
Just call and I'll come to you, to youOne to one is the only way you'll find
One to one what's on our minds
Movements and gestures they all define
One to one, one to one anytime, I'll take
One to one every timeOne to one is the only way you'll find
One to one what's on our minds
Movements and gestures they all define
One to one, one to one anytime, I'll take
One to one every time
