

Nothing Without You

Jason Nelson

In Him do I live, move, and have my being
(In Him do I live, move, and have my being)
In Him do I live, move, and have my being
(In Him do I live, move, and have my being)

'Cause I'm nothing without You

(I'm nothing without You)

I'm nothing without You

(I'm nothing without You)

No but, I'm nothing without You

I'm nothing without You

Nothing without You

I'm nothing without You

(In Him do I live, move, and have my being)

In Him do I live, move, and have my being (just think about it)(In Him do I live, move, and have my being)

In Him do I live, move, and have my being

And I'm nothing without You

(I'm nothing without You)

I'm nothing without You

(I'm nothing without You)

No but I'm nothing without You

(I'm nothing without You)

I'm nothing without You

(I'm nothing without You)

Said I'm nothing without You

(I'm nothing without You)

Lord I'm nothing without You

(I'm nothing without You)

I'm nothing without You

(I'm nothing without You)

I'm nothing without You

(I'm nothing without You)

So breathe through me

And live in me

Let Your glory reign

In me

Help me save me, (breathe through me)

And live in me (live in me)

Let Your glory reign (Let Your glory reign)

In me (in me)

Oh breathe through me
And live in me (live in me) (c'mon if you mean it)
Say let Your glory reign (let Your glory reign)
In me (in me)
One more time
Say (breathe through me)
Say live in me (live in me)
And let Your glory reign (let your glory reign)
(In me)C'mon help me say it, say it Said I'm nothing without you (I'm nothing without You)
Said I'm nothing without You (I'm nothing without You)
I'm nothing without You (I'm nothing without You)
?(I'm nothing without You)
Said I'm nothing without You I'm nothing without You)
Don't leave me without your love (I'm nothing without You)
I can't even breathe without You (I'm nothing without You)
I cant exist without you Jesus (I'm nothing without You)
Said I'm nothing without You (I'm nothing without You)
Said I'm nothing I'm nothing (I'm nothing without You)
Struggling on my own (I'm nothing without You)
I say em so many times (I'm nothing without You)
I'm nothing without You
I'm nothing without You
Nothing without You (nothing without You)
Nothing without You (nothing without You)
Nothing without You (nothing without You)
Nothing without You (I'm nothing without You)
I'm not nothing but a ship without a sailor (I'm nothing without You)
Moving aimlessly, tossed to through and fro
I'm nothing without You (I'm nothing without You)
So breathe through me
