

# Fuckin' or What?

## Jadakiss

What's up ma? Is we fuckin' or what?  
Haha, trying to say something tonight baby  
I know everybody ask their chick this question  
In the house, in the club, in the car, outside, everywhere  
Yo yo yo All my strip club honeys is we fuckin' or what?  
All my eat-pill honeys is we fuckin' or what?  
All my hood rat honeys is we fuckin' or what?  
I just wanna know one thing, is we fuckin' or what? All my strip club honeys is we fuckin' or what?  
All my eat-pill honeys is we fuckin' or what?  
All my hood rat honeys is we fuckin' or what?  
I just wanna know one thing, is we fuckin' or what? Ain't no need in buyin' a drink or holdin' a convo  
If you ain't coming back to the condo  
It's damn near 4 in the mornin' ain't shit to discuss  
'Til you ask which dick do you suck I'm trying to fuck til it's light outside  
You feel the same? Get your coat get your friends  
The truck right outside, listen ma I wanna ball out  
So when I say I'm above the nut I expect you to suck it all out And let my man tear your walls out  
'Cause he just came home and he need pussy to fall out  
I get it crump ask the fellow players  
Kiss hit more hoes than they list in the Yellow Pages It's never to cuff 'em, share 'em right after I fuck 'em  
To come clean I'm a mellow gangster  
Pass a chick like a baton runner to runner  
Been through a million thongs from Summer to Summer So you'll never see J stressed they always say yes  
Everynight dog I be bustin' a nut  
I just can't stop gettin' the butt  
And the only thing I ask girlfriend is we fuckin' or what? All my strip club honeys is we fuckin' or what?  
All my eat-pill honeys is we fuckin' or what?  
All my hood rat honeys is we fuckin' or what?  
I just wanna know one thing, is we fuckin' or what? All my strip club honeys is we fuckin' or what?  
All my eat-pill honeys is we fuckin' or what?  
All my hood rat honeys is we fuckin' or what?  
I just wanna know one thing, is we fuckin' or what? Look if you don't like men, be out  
And if it's all good and you got a girlfriend then we out  
Please don't hit me with the two worse lines  
How you don't be doin' this or this is your first time Listen we all grown bitch, you came here on your own, bitch  
I leave them lawsuits alone bitch  
She try to tell me she model  
I told her me too you ain't sayin' nothin' slick suck it and swallow I just wanna hit you from the back and watch  
the Apollo

And if the pussys all that I might holla tomorrow  
But you actin' like a rabbit how you cling to the carrots  
It ain't the bling it's the nigga ma, get it and stash it  
Caught a coy, caught a flashback check this out  
Bring your girlfriend in the room Shorty and lick her asscrack  
And even though your tongue stuck in her butt  
The only thing I wanna know is we fuckin' or what?  
All my strip club honeys is we fuckin' or what?  
All my eat-pill honeys is we fuckin' or what?  
All my hood rat honeys is we fuckin' or what?  
I just wanna know one thing, is we fuckin' or what?  
All my strip club honeys is we fuckin' or what?  
All my eat-pill honeys is we fuckin' or what?  
All my hood rat honeys is we fuckin' or what?  
I just wanna know one thing, is we fuckin' or what?  
All my strip club honeys is we fuckin' or what?  
All my eat-pill honeys is we fuckin' or what?  
All my hood rat honeys is we fuckin' or what?  
I just wanna know one thing, is we fuckin' or what?
