Saviour, saviour
Saviour, saviourGotta get to the river, gotta make it to the other side
Gotta get to the river, gotta make it to the other side
Take me to the river, help me get to the other side
Get me to the river, gonna make it to the other sideFuck my saviourSaviour, saviour
Saviour, saviourWhen I'm breaking and I'm shaking and I'm looking for the riverside
Shaking on this faking, help me get to the other side
