When the Weather Is Fine

Thirsty Merc

It's been so long
Since I have heard your voice
I'd like to talk
Then I might not have the choice
You turned off your phone
I guess you need some time away
I wish you could hear me sayI know that sometime
When the weather is fine
I will be with you
I'll be with you
No one can see
What the future will be
But I'll feel for you
I'll feel for youI saw your friends
They said that this is not like you
One thing I've learnt
Even angels loose their view
But now you have gone
My days are empty, cold and bleak
To think that we can't even speak
We can't even speakBut I know that sometime
When the weather is fine
I will be with you
I'll be with you
No one can see
What the future will be
But I'll feel for you
I'll feel for youI'm just trying to make a contribution
Does that stand for nothing at all
I want to say I love you
But I feel like I can't talkAnd I know that sometime
When the weather is fine
I will be with you
I'll be with you
No one can see
What the future will be
But I'll feel for you
I'll feel for you
