What You Gotta Do

Dwele

What You Gotta Do
Hey sip on some wine coolers
like you're19 again
when love was so naiveBefore pass relationships built the wall of bricks and
hit you on youre back when youre asleep
when she was rocking dookie braids
and time wasn't of the essence..
let the whole day pass away
rest in peace Saturday.I know you feel me, I know you hear me
so keep the baby happy thats what you need to doChorus:
'Cause what you wanna do, what you need
its what you gotta do to keep that woman
hard to keep that woman open
its what you want, (its what you want)
its what you need man yeah
its what you gotta do to keep that woman
hard to keep that woman openHigh School crush on the phone call, no no
no..interrupting ya'll
The pureness and innocence when love was.. so rich and fair
before broken hearts and separate feelings
when it was a thing to do
on the block , bitch caught you
but she was waiting with the ponytail
and bad mood with hoop earrings
standing at the bus stop sucking on a lollipop
and a round way type of girlI know you feel me, I know you hear me
to keep baby happy thats what you need to do2x
Thats what you wanna do, what you need
its what you gotta do to keep that woman
hard to keep that woman open
its what you want, (its what you want)
its what you need man yeah
its what you gotta do to keep that woman
hard to keep that woman openKeep your baby try this oh yeah
what you gotta do to keep that girl
keep that woman, gotta do to keep that woman
what you want, what you want, what you want
gotta to to keep that woman,
gotta do to keep that woman open,

what you want, what you need, open
you gotta do, you wanna do
what you want, what you need, open
you gotta do, you wanna do
