

What You Gotta Do

Dwele

What You Gotta Do
Hey sip on some wine coolers
like you're 19 again
when love was so naive Before pass relationships built the wall of bricks and
hit you on your back when you're asleep
when she was rocking dookie braids
and time wasn't of the essence..
let the whole day pass away
rest in peace Saturday. I know you feel me, I know you hear me
so keep the baby happy that's what you need to do Chorus:
'Cause what you wanna do, what you need
it's what you gotta do to keep that woman
hard to keep that woman open
it's what you want, (it's what you want)
it's what you need man yeah
it's what you gotta do to keep that woman
hard to keep that woman open High School crush on the phone call, no no
no..interrupting ya'll
The pureness and innocence when love was.. so rich and fair
before broken hearts and separate feelings
when it was a thing to do
on the block, bitch caught you
but she was waiting with the ponytail
and bad mood with hoop earrings
standing at the bus stop sucking on a lollipop
and a round way type of girl I know you feel me, I know you hear me
to keep baby happy that's what you need to do 2x
That's what you wanna do, what you need
it's what you gotta do to keep that woman
hard to keep that woman open
it's what you want, (it's what you want)
it's what you need man yeah
it's what you gotta do to keep that woman
hard to keep that woman open Keep your baby try this oh yeah
what you gotta do to keep that girl
keep that woman, gotta do to keep that woman
what you want, what you want, what you want
gotta to to keep that woman,
gotta do to keep that woman open,

what you want, what you need, open
you gotta do, you wanna do
what you want, what you need, open
you gotta do, you wanna do
