

# Oh Yeah

## Bat for Lashes

I'm whole  
Hot is the night  
The grass is so tall and slow  
The air is wet and I feel alive  
Let the perfume drip  
Let it rise! I'm whole  
And I walk the night  
Luscious and lost  
So alone  
Touch the rocks and lick the light  
Let the hot winds howl  
So slow Here am I  
Looking for a lover to climb inside  
Waiting like a flower to open wide  
I'm in bloom! I lie low  
I'm ready to try  
The tapestries turn and grow  
Creepers crawl and kiss my thighs  
And the headiness howls  
Rise and rise! Here am I  
Looking for a lover to climb inside  
Waiting like a flower to open wide  
I'm in bloom! Here I lie  
Lying like a flower with no more time  
Waiting for another to come inside  
I'm in bloom!  
Oh yeah!
