Say Goodbye

HEADSTONES

I said goodbye
When I was numb
Now I'm back and alive
No magazines of perfect worlds
Were there for me to subscribe
'Cause you have got what I need
Pinpoint baby, come on you know you're all I see
Catch that last gasp right out of town
I phoenixed once
Twice in life
3 and 4 were luck
Now I live to see
The face of those
Who thought they had me all sewn up
I say goodbye
I turn it up
I turn it back again
I leave it all
This deal is done
There's no one left to offend
