Shadowkings

Paradise Lost

A spiral movement
The ultimate mystery
Will you show
Will you show who you are?It's the truth that untrue suspicion
Is spreading like a disease
Do you know, do you know if it is real?The voices appear inside my brain
Their need to set me free
Onward they lead before the dawn
Teach me what's right and wrongEncourage the madness they welcome impurity
I don't know, I don't know who I am
Fallen blind to the cruel hysteria thats
Constantly challenging
All alone, all alone, can't be realThe voices approve I can't relate
Their need to celebrate
Onward they lead before the dawn
Teach me what's right and wrongWhat's right and wrong
Right or wrong
What's right or wrongVoices approve, the quest begins
Fuel for the shadowkings
Onwards they lead before the dawn
Teach me what's right from wrong
