

Bears (Steven Fromholz cover)

[Lyle Lovett](#)

Some folks say there ain't no bears in Arkansas
Some folks never seen a bear at all
Some folks say that bears go around eating babies raw
Some folks got a bear across the hallSome folks say that bears go around smelling bad
Others say that a bear is honey sweet
Some folks say this bear's the best I ever had
Some folks got a bear beneath their feetSome folks drive the bears out of the wilderness
Some to see a bear would pay a fee
Me I just bear up my bewildered best
And some folks even see the bear in meSome folks drive the bears out of the wilderness
Some to see a bear would pay a fee
Me I just bear up my bewildered best
And some folks even see the bear in meSo meet a bear and take him out to lunch with you
And even though your friends may stop and stare
Just remember that's a bear there in the bunch with you
And they just don't come no better than a bearSo meet a bear and take him out to lunch with you
And even though your friends may stop and stare
Just remember that's a bear there in the bunch with you
And they just don't come no better than a bearNo they just don't come no better than a bearNo they just don't
come no better than
No they just don't come no better than
No they just don't come no better than a bear
