We Want Better, Man

Twin Atlantic

The people all scream for the change in the air
Because I found the one voice
And for my next trick arrears

Freedom of speech breaks the ice when you're near

We want better man
It's our time we must all make the stand
We want better man
It's our time align embrace your hands

Horizon, horizon, do you speak loud and clear?
Do you have a better plan?
Do you have a fresh idea?

Freedom of speech breaks the ice when you're near

We want better man
It's our time we must all make the stand
We want better man
It's our time align embrace your hands

If you believe in writing the plan
Ignore all the orders and destroy all that can't
'Cause I went to bed with the mind of the weak
I seduced out all her problems, now listen as she speaks
Of missions and portals to the answers of the Earth
Well who put out the questions to our so called Universe?
Our passion is fading as we pollute the air
We care more about fashion, cars, money than what's fair

So here is the handle, now get a fucking grip
And say we want better man until they can't ignore it

And I wish I would have listened with conviction and grace
Instead I stand here screaming at a docile human race

So here is the handle, now get a fucking grip
And say we want better man, yeah we want better man
Until we can't ignore it
