

# I Try

## Mary Mary

I try but sometimes I fail  
Now I realize that I need Your help  
'Cause I can't make it all by myself  
I need You, You, You, You I should know by now there's no way no  
How I could live my life without You  
Still I get caught up in myself  
And talk to You less and less  
Every time that I do  
I come right back to You 'Cause after all my mistakes  
I know that I have to change  
So I put my life in Your hands I try but sometimes I fail  
Now I realize that I need Your help  
'Cause I can't make it all by myself  
I need You, You, You, You I wish I could undo some things that  
I have done in my past  
But I can't erase what's already taken place  
So from now on I'll try to do my best 'Cause after all my mistakes  
I know that I have to change  
So I put my life in Your hands I try but sometimes I fail  
Now I realize that I need Your help  
'Cause I can't make it all by myself  
I need You, You, You, You Nobody wants to fall but we fall sometimes  
Then You are there to catch us all  
Every time You look beyond all my faults  
'Cause You know I need another chance  
To get it right You forgive me 'Cause I try but sometimes I fail  
Now I realize that I need Your help  
'Cause I can't make it all by myself  
I need You, You, You, You I try but sometimes I fail  
Now I realize that I need Your help  
'Cause I can't make it all by myself  
I need You, You, You, You I try but sometimes I fail  
Now I realize that I need Your help  
'Cause I can't make it all by myself  
I need You, You, You, You I try but sometimes I fail  
Now I realize that I need Your help  
'Cause I can't make it all by myself  
I need You, You, You, You I try but sometimes I fail  
Now I realize that I need Your help

Without You I can't make it all by myself  
I need You, You, You, You I try but sometimes I fail  
Now I realize that I need Your help  
So I'm on You Jesus all by myself  
I need You, You, You, You
