

# Zipped Black Leather Jacket

Marc Almond

I'm a shape-shift-din changeling  
So stop trying to assimilate me  
I'll never be your play thing  
In a zipped black leather jacket  
If you see a shape in the shadows  
Don't leave an open window I'm a thief I'm a stealer  
I'm the shadow dealer  
I'm gonna steal everything you've got  
Your money, your heart, your love  
You can't seek me I get lean away  
I even steal your name  
I'm a night cat burglar in the mask  
In a zipped black leather jacket  
Shake-snake assassin  
Feel a cool breeze when I'm passing You won't recognize me through my disguise  
In my zipped black leather jacket  
Me - Winstanley Angie Vincent  
We're gonna slaughter all the instincts  
Take no prisoners save no lives  
Count to three and shut your eyes  
I'm a thief I'm a stealer  
I'm the shadow dealer  
I'm gonna steal everything you've got  
Your money, your heart, your love  
You can't seek me I get lean away  
I even steal your name  
I'm a night cat burglar in the mask
