

I Do Believe in Love

[Katie Melua](#)

They say we never landed on the moon
There's no wind there, they assume
I guess conspiracies are nothing new,
But I'm sure I've been there with you. And I don't believe that in space
The only life is here on earth
How could we be the only race
That loves and hates 'til death from birth? But I do believe in love,
Though I should never rely on love
Nothing else excites me,
But loving you. Is it true a politician's heart
Can rust away and fall apart?
I guess it must be hard,
It must be hard,
To know what's good
And to know what's easy. You might think it's strange,
For all my wild ideas,
But I do not believe that change,
Can ever happen without tears. But I do believe in love,
Though I should never rely on love
Nothing else excites me,
But loving you
