

# Give It Away

Chris Brown

Baby why you keep doing shit  
You're running from me  
But you know you gon' get it  
Imma teach you how to love me  
Won't you be bad right now? I want you to for me yeah  
With you sexy ass  
Imma make that devil on in me  
Baby imma get it all, imma get it get it  
Your body's calling let me break you off  
Kinky just play along with it  
Baby I'm right here  
You know that belongs to me so put it right there Girl, don't make me have to tell you  
Again  
That's my pussy babe  
You better not give it away way way  
Don't make me have to tell you  
Again  
That's my pussy babe  
It's mine, girl, It's mine girl  
So you better not give it away way way Girl I fucked up off that good  
Bitch I know you see me calling  
I'm blowing up your phone  
Tryna fuck you till the morning  
That kitty crying tears  
I go longer while I'm on this shit  
If you bring it here  
Imma lick it just how you want it You got me paying all your bills  
Fuck around and take care of your kids  
Remember when you put that thing on me  
Hit it from the back and I'll give you chills  
All I want is that pussy  
Girl let me get it  
You know I own that cookie  
You love it Girl, don't make me have to tell you  
Again  
That's my pussy babe  
You better not give it away way way  
Don't make me have to tell you  
Again

That's my pussy babe  
It's mine, girl, It's mine girl  
So you better not give it away way way
