## Mastodon

The demon skin is covered  
In fine mist  
Opened his hand in my hand  
Holding my eyes to the future Hovering above myself  
Letting loose the guided  
Punching these holes in my head  
The space time paradigm Omnipresence  
Primal instincts Let it go, let it go, let it go  
Let it go, let it go Calling reason, finding you  
These wild hearts run  
Even deeper, burning through  
These wild hearts run Let it go, let it go, let it go  
Let it go, let it go Letting me free the quintessence  
In fine mist  
Opened his hand in center  
Holding my eyes to the future Hovering above myself  
Letting loose the guided  
Punching these holes in my head  
Losing my skin to the landslide Omnipresence  
Primal instinct Let it go, let it go, let it go  
Let it go, let it go Calling reason, finding you  
These wild hearts run  
Even deeper, burning through  
These wild hearts run Let it go, let it go, let it go  
Let it go, let it go Shield failure  
Speed farewell  
Shield failure  
Speed farewell
