Jekyll

Hiatus Kaiyote

Dr. Jekyll that mister been buggin out my Hyde again
If he come and wrapping on my door I'm not gonna answer it
I've been grieving old fashioned at the seed, my seam is fraying
I've been grieving old fashioned at the seed, my seam is frayingSilk once rushed this thrust has rusted dry
Slip your flux right past your fortress
We all are born to die
We all are born to dieLease this here now sweet piece of mind awake this light, always in flight
