

# Straight Razor Rape (Demo)

## Cancerslug

why the fuck did you cut off that bitches cunt?  
well how the fuck else could i get it in my pocket?  
and while im standing here arguing with myself  
i know that i should be getting my ass somewhere else  
    blood on my hands  
    the tears in her eyes  
    please undertsand  
    there will be peace when you die  
    i know what it takes  
    to make a heart ache  
    a straight razor rape  
    you werent the first  
    you wont be the last  
give me a break and take your own life
