Pixie Queen

Anthony Green

If we could pick our own parasites
Then later it'd said, we'd be better off dead
Tell me when that I've won, I'll deny it
If you knew him that well
You've got no one to tellSuspend within your life
It lasts so long
I never thought you'd be
Still sleeping next to me
If I could make it through
I'll meet you there
I never thought you'd be
You'd still be my pixie queen
It feels like you've been gone for forever
Then later it said she was begging for death
Tell me that I'm wrong, I'll deny it
When the first one is free
Then you're stuck here with meSuspend within your life
It lasts so long
I never thought you'd be
Still sleeping next to me
If I could make it through
I'll meet you there
I never thought you'd be
You'd still be my pixie queenYou don't need this
We can't stay here
I will follow you
Into another love
(You don't need this
We can't stay here
I will follow you
Forever)Suspend within your life
It lasts so long
I never thought you'd be
Still sleeping next to me
If I could make it through
I'll meet you there
I never thought you'd be
You'd still be my pixie queen
