

Phantom

Dead!

the camera pans round
yeah we all lose our focus
they came and shot our hands
and then they tried to choke us
oh, I'll play the game
I'm the king of jokers
and my twilight eyes
they won't know why
so let me feel you

HEY

I have so much to say
and if you're there with me
well I will pave the way
to a [...] of broken knuckle steel
represents a time when we had no will
this is the only life we know
but I don't care for another
oh, you say you'll see me around
but ou won't see me 'cause I am a phantom
