

Out Here All Night

[Damone](#)

Summer's coming too fast
Winter's been here too long
If we keep wasting our days
Pretty soon they'll be gone Oh yeah, yeah, yeah I've been out here all night
I've been out here all day
With my eyes open wide
Hoping that you will say Everything is all right
We can be happy too
If you look out for me
The way I looked out for you People take what they need
Then they tell you, "Get lost"
Kindly leading you on
While they're ripping you off Oh yeah, yeah, yeah I've been out here all night
I've been out here all day
With my eyes open wide
Hoping that you will say Everything is all right
We can be happy too
If you look out for me
The way I looked out for you If I sounded insecure
It's because I wasn't sure
You were really there I've been out here all night
I've been out here all day
With my eyes open wide
Hoping that you will say Everything is all right
We can be happy too
If you look out for me
The way I looked out for you You can stand there all night
You can stand there all day
You can do what you like
It doesn't matter to me Oh yeah, yeah, yeah
