Freedom

Joi Cardwell

Nose to the grind yall
Back to the wall now
After the fall where
Do I go?
All I know Im determined
Upward bound Im yearning
Where my heart will take me
Ill know when I know
Oh the freedom
FreedomI wanna be free
I need to be free
I gotta be freeAll I want in lifes to be free
Share my time with
One who loves me
Freedom to be left or right
I dont know but I gotta be meAll I want in lifes to be free
Share my time with
One who loves me
Tired of fighting
Tired of trying
To be what you want me to be
I need freedomWell Ive been a good girl
Been nice till it kills girl
Now Im taking time to be with me
Well some might say that its selfish
But I have only one wish
Wanna live the life I need to lead
And thats with freedom
FreedomAll I want in lifes to be free
Share my time with
One who loves me
Freedom to be left or right
I dont know but I gotta
Be meAll I want in lifes to be free
Share my time
With one who loves me
Tired of fighting
Tired of trying to be what you want me to be
I need freedomWhat I want is.

What I need is
Freedom.
