Go Down

House Of Fools

Late last night I decided that I wanted to hear your voice
But something was strange as the telephone rang
I got in my car to goI tried calling twice;
I know that's when you think I might be a little bit crazy
But you've been hanging around
With that guy downtown
Who takes me for a foolI can see him touching you in this crazy head of mine
And if you cared you wouldn't be with him
So don't you lie to me
Don't you lie to meEverything's fine
I'm getting sick of that line
'Cause I think something stinks
And that son of a bitch that you've been fooling with
Has something up his sleeveSo I'm coming to claim what I consider mine
Even if we all go down
I'm packing my things just in case this brings
A reason to leave townI went to get my gun to prove how much I love you
And if you cared you wouldn't be with him
And if you cared you wouldn't be with him
And if you caredI'm coming to claim what I consider mine
Even if we all go down
I'm packing my things just in case this brings
A reason to leave town
