Bored

The Summer Obsession

Hanging over a few lines and still iâ€™m bored
Swallow pills and chase them down and drink â€˜till Iâ€™m sore
I read a book to stay awake
But all the pages make me wait
For something great

My real friends say
Iâ€™m waiting for what started long ago
And life is what you make of it
So come on now lets go
But still Iâ€™m bored lately
Do you feel the same
And being alive drives me crazy
And this worldâ€™s insane
And this worldâ€™s insane

I go to a party with an army of mindless fucks
No ones doing anything
No ones interesting so what
I go back home and write a poem
But all the words seem dumb
And I feel numb

My real friends say
Iâ€™m waiting for what started long ago
And life is what you make of it
So come on now lets go
But still Iâ€™m bored lately
Do you feel the same
And being alive drives me crazy
And this worldâ€™s insane

Come on be straight
Do you really expect me to believe what I canâ€™t see
Come on be straight
Do you really think this was
Really think this was meant to be
Come on be straight

My real friends say

Iâ€™m waiting for what started long ago
And life is what you make of it
So come on now lets go
But still Iâ€™m bored lately
Do you feel the same
And being alive drives me crazy
And this worldâ€™s insane
But still Iâ€™m bored lately
Do you feel the same
And being alive drives me crazy
And this worldâ€™s insane
And this worldâ€™s insane
