## D.R. HOOKER

It's been such a long time  
since I've seen you or felt you were mine  
could it be true that you're thinking now me too I wish you'd do it again  
Maybe someday I'll see you and then  
I will tell you that I still care I don't wanna lie  
I've had good times since I've seen you  
But I don't know why  
I still see you in my dreams Maybe I call you and love you  
Forever and that hasn't changed and may never  
but when will you see me again I don't wanna lie  
I've had good times since I've seen you  
But I don't know why  
I still see you in my dreams I know we can't change the past  
But it's us, girl, who make it last  
All I want to do is wish you were
