

Stinky Air

Kolohe Kai

Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air I was on my phone when i heard what you said
Your Immature words just went over my head
La la la la la la la
For me its water under the bridge
So i don't even bother to refrigerate
your words of hate
I gotta tell you that.....Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air
i gotta tell you that
Everybody's talking, and i really don't care
They can just
Keep on keep on talking
I can't hear their stinky air Your just a face crook and a instant scam
but i don't try to fake it , im just who i am
Yeah eee Yeah e e e
But you can hide behind your screen
type of words are so mean
