

I've Seen a Love

Edwin McCain

I've seen a love that rolls like thunder
I've seen a love that falls like rain
That kind of love, it makes me wonder
Why my love caused me so much pain I see my ring as it spins on the table
A perfect circle on the dusty wood
Tells of a life, the love and the laughter
Cries my tears for the times that were good Well I've seen a love that rolls like thunder
I've seen a love that falls like rain
And that kind of love, it makes me wonder
Why my love caused me so much pain One gets lost, one gets lonely
Another world, love remains
And that kind of love takes away all your empty
That kind of love takes away all your shame I've seen a love that rolls like thunder
I've seen a love that falls like rain
That kind of love, it makes me wonder
Why my love caused me so much pain And our kind of love it burns like summer
Like I'm rolling down some old heartache road, yeah
And all my running and my demons
Can't seem to lift it, they can't seem to lift that love I've seen a love that rolls like thunder
I've seen a love that falls like rain
That kind of love it makes me wonder
Why my love, why my love caused me pain
Oh yes I've seen a love
I've seen a love
I've seen a love
Makes me wonder
Why my love, why my love caused me pain
