

This Is Perfect

The Clintons

I can't fall back asleep
After the radio alarm clock wakes me up
And you hit the snooze again
I just lie there wide awake
Snuggle close to you
Wondering why I haven't gotten out of bed. And I can be a little cranky
Before I get my coffee
But you just smile you never seem to mind
When I come to my senses
I can't help but shake my head
And wonder how you ended up all mine. But I'm not perfect and I never will be
But I'm as close as I get when you're with me
It's my real story book ending
Baby let's call this what it is
This is perfect There you go again
You're fumbling through the closet
Telling me you don't know what you wanna wear
I try not to get impatient
But by the time we've got to go
You look incredible and I can't help but stare
I know I make you crazy
I know I make you laugh
But most of all I know I make you happy
And I love you
I want you
I love just being with you
So baby you can't blame me I'm not perfect and I never will be
But I'm as close as I get when you're with me
It's my real story book ending
Baby let's call this what it is
This is perfect I'm not perfect and I never will be
But I'm as close as I get when you're with me
It's my real story book ending
Baby let's call this what it is I'm not perfect and I never will be
But I'm as close as I get when you're with me
It's my real story book ending
Baby let's call this what it is
This is perfect You and me
This is perfect Baby this is perfect
