

Celestial

Phidel

Light from long dead stars,
Still journeys so far,
Celestial are hearts,
Still love when, love's passed...

You are my rosary,
You are my rosary,

(Chorus)

I would abandon the moon,
Turning my back to the light,
'Til it's just me and the dark,
Before your heart,
Here tonight
I would abandon the moon,
Raise up the stars from their space,
'Til it's just me and dark,
Before your heart,
Here in this place...

Then you would be all I'd see

Love is all I need,
Your touch, your heat,
Love is all I want,
One light, still on

You are my rosary,
But you were not sent for me...

(Chorus repeat)
