Liar

True Rivals

The city change around me, I know I stay the same
The bottom never find me, cause up so I blame it
And iâ€™m a fool, What you..
Shoping in my suits bag, Finding my own way
I donâ€™t need no help, itâ€™s so fuck go away
& I know itâ€™s true so fuck you

Cause Iâ€™m a liar liar, Iâ€™ll take it to the grave
Tell you what you wanna hear, tell me what to say
Cause Iâ€™m a liar liar, say it to your face
Tell you what you wanna hear, believe me what I say

You know how to find me, they call it out my name
Standing on a corner cause I got time to waste.
They gotta move, so were you.
Sinking to the bottom tryna keep it down
You gotta learn quick, the heavy lot of crime
You know itâ€™s true so fuck you

Cause Iâ€™m a liar liar, Iâ€™ll take it to the grave
Tell you what you wanna hear, tell me what to say
Cause Iâ€™m a liar liar, say it to your face
Tell you what you wanna hear, believe me what I say
