

Don't Let Me Die Young (feat. Steve Jones)

Andy Taylor

Fields of fire burn in my sleep
I hear screaming and thunder and cries
Devils crowd under my feet
Scream so loudUnder here lies a different face
In a hungry lonely soul
I guess it ain't easy
When you don't know which way to goDon't let me die young
I'm begging you
Don't let me die youngI never liked the thought of pain
And time is all we have to gain
Gotta play anyway
Win or loseWho's to say who's to blame
When everybody wants to run away
They ran by night
They can't face to in the day
