Nikki Flores

are moving out, they're closing in.

Ride to the final push
And hold the line
Now the tension is rising
There's fear in the air

And you'll never catch me alive

I'll be the

they can fall all around me
still I'll hold my ground
Till the last wall crumbles
Till you raise your hands
I'm gonna keep on fighting
Till the last one stands

Sister Brother
Father mother
Friend or foe
Hater lover
Pray for forgiveness
And get your house in order now
Prepare your surrender
And lay your weapons on the ground
But don't wait for my vengeance
Cos once I've begun
I'll start at the top

Iâ€™ll take you oneâ€™.. byâ€™ one
Tiâ€™ll Iâ€™m the
