

# Gonna Wanna Tonight

Chase Rice

If you want to climb a ladder on a water tower  
Then we'll kick it with the stars for a couple hours  
If you want to then we're gonna get away up high  
If you want to dip your toes where the water stops  
Then we'll let our feet hang off a fishing dock  
If you want to then we're gonna have to give it a try, that's right If you want to go way out where there ain't  
nobody around  
And let your long hair get to falling down  
And let your red lips leave their mark all over mine If you wanna then we're gonna, girl  
I hope you're gonna wanna tonight  
If you wanna then we're gonna, girl  
I hope you're gonna wanna all night If you wanna catch a buzz and ride it til the morning  
Let's get two plastic cups and baby I'll get to pouring  
It don't really matter if it's whiskey or wine, it's fine If you want to go way out where there ain't nobody around  
And let your long hair get to falling down  
And let your red lips leave their mark all over mine  
Fill up the night air with the radio  
And put your hands wherever they wanna go  
Yeah, we're right there, girl just close your eyes If you wanna then we're gonna, girl  
I hope you're gonna wanna tonight  
If you wanna then we're gonna, girl  
I hope you're gonna wanna all night You're gonna wanna get a little closer  
You're gonna wanna slide it on over  
You're gonna wanna Gonna wanna go way out where there ain't nobody around  
And let your long hair get to falling down  
And let your red lips leave their mark all over mine  
Come on, fill up the night air with the radio  
And put your hands wherever they wanna go  
Yeah, we're right there, girl just close your eyes If you wanna then we're gonna, girl  
I hope you're gonna wanna tonight  
If you wanna then we're gonna, girl  
I hope you're gonna wanna all night You're gonna wanna get a little closer  
You're gonna wanna slide it on over  
You're gonna wanna, gonna wanna tonight
