

Magic

Turquoise

But I just can't imagine
Being without you Makes me wanna regret it
And I can't explain it
Don't want to leave it or take it
But there's no other choice I don't know what to feel
Got to get rid of the fear
But with you I feel so real
I find it hard to believe
That with one blink of my eyes
We might be saying goodbye
And end the story like this I don't know if it's right what I'm doing
But right now I really don't care
I don't want it any other way I can't tell how this feels
I'm not used to this
And I'm not ready for it
But I'm not willing to run I think of you all the time
And dream you were by my side
And then I just realize
I was all lost in my thoughts I really want you to see
I would die for you right here
And if it was up to me
I would even go beyond
I just don't want you to leave
So come, and stay with me
And don't you leave me alone I don't know if it's right what I'm doing
But right now I really don't care
I don't want it any other way Any other way i»¿
