

Smoke Signals

James Blunt

One by one; they pass me by
And I've used up my supplies
Out of water; Out of hope
Can't make fire; Only smoke
Here I am alone in silence
Cast away on a desert island
A traveller in ocean; lost at seaSmoke signals in the night sky
Hope you see the man as you pass by
I'm screaming from the cliff top
You're the only one I've got to rescue me, to rescue me
Why can't you see? Why can't you see?
I don't think that I'll survive
I'll die here without you
Oh, I can't live without youSun comes up; then sun goes down
Wonder if I'll ever be found
Here I am alone in silence
Cast away on a desert island
A traveller in ocean; lost at seaSmoke signals in the night sky
Hope you see me as you pass by
I'm screaming from the cliff top
You're the only one I've got to rescue me, to rescue me
Why can't you see? Why can't you see?
I don't think that I'll survive
I'll die here without you
Oh, I can't live without you
