Sex Wit You

Heavy D

Let me break it down
And tell you what your sex is like
Yeah, I don't know what it is
What it feels like sex wit you
It's like, it's like, damn
I don't really know what it's like
But let me try to explain
Sex wit you is like
When I wake up in the morning
Smell that good old breakfast momma used to make
Sex wit you is like
The feeling that you get when all your friends
Surprise you on your birthday
Sex wit you is like
Like I made the last shot
And everybody?s screaming my name
Sex wit you is like
It?s like my pocket?s full of dough
When I worry 'bout a damn thing
When I think about the sex
Nothing better comes to mind
I wanna sex you all the damn time
Just think 'bout your sex
Has got me wanting you to come through
And do sex like we always do
Sex wit you is really the best with you
It makes life worth goin' through
Ain?t nobody got a body like you
'Cuz my sex wit you meets my needs
Ain't gotta go lookin' in the streets, it?s you
Ain?t nothing better than the way we do
Girl, I?m lovin' havin' sex wit you
Sex wit you is like
Winnin' an award
After workin' so damn hard
Sex wit you is like
When the man at the dealership
Hands over the keys to my new car
Sex wit you is like

When the check comes in the mail
After being broke for so long
Sex wit you is like
It?s like gettin' out the pen
And shawty's there to take you home

When I think about the sex
Nothin' better comes to mind
I wanna sex you all the damn time
Just think 'bout your sex
Had got me wantin' you to come through
And do sex like we always do
Sex wit you is really the best with you
It makes life worth goin' through
Ain?t nobody got a body like you
'Cuz my sex wit you meets my needs
Ain't gotta go lookin' in the streets it?s you
Ain?t nothin' better than the way we do
Girl, I?m lovin' havin' sex wit you
It?s all about the freaky things we do
And I know, you like it just as much as I do
Baby, I ain?t never tried to hit and run
I?m just tryna make you the only one
I'll be sexin' ya on the regular
'Cuz ain?t nothin' better than sex with you
Let me break it down
And tell you what the sex is like
Sex wit you is like
It?s like going to the strip club
And ain?t gotta pay for none of that strip love
Sex wit you is like
Like a closet full of air force
Snow white, my size
Sex wit you is like
Like being the first nigga in the hood
With black drop tops 645
Sex wit you is really the best with you
It makes life worth goin' through
Ain?t nobody got a body like you
'Cuz my sex wit you meets my needs, baby
Ain't gotta go lookin' in the streets it?s you
Ain?t nothin' better then the way we do
Girl, I?m lovin' havin' sex wit you
Sex wit you, yeah
Sex wit you yeah, yeah, yeah

Sex wit you, yeah
You will take your clothes off
You will take your clothes off too
Sex wit you yeah, yeah
