

# The Preakness

## Panda Bear

How much is riding on it?  
How much is saying I quit?  
We've all been here some day  
Yours might be a den to sleep in  
Mine is just a way of being  
I'm not here to pass on a judgment of passion  
I'd like just to say to keep up  
Keep it up until the day you've got what you want  
I see that we are reared in a similar way  
Try to figure it out  
See your hopes become my hopes  
Is there no hope?
