I'll rip your head off and I'ma defecate down your neck  
You better alejate because I don't give a heck  
You can't understand how I catch my lingo  
You better step back because here comes the crazy gringo  
In your face, that's right I'm freestylin  
Doing it with ease all the while your tryin  
To be like me, I can't understand  
Why you can't be your own man  
People try to deal with the style I got  
Don't you know I'm doin' it without coke or pot  
I'm naturally kind of fucked up like that  
You know what I'm saying M to the O to the L to the O to the T to the O to the V For those illiterate bastards  
who cannot spell Molotov is who we be M to the O to the L to the O to the T to the O to the V For those illiterate  
bastards who cannot spell Molotov is who we be Molotov shit is to tight  
Much, much stronger than any dynamite  
Slick is the way res'e moving  
Funky as shit is the way it's grooving  
Gasoline in a Coke bottle  
You get all pissed 'cause we turned up the throttle  
Plug it up with a gas checked rag  
I don't run away 'cause I'd rather let my pants sag  
Get out the lighter, set it on fire  
Watch it as I throw it getting brighter & brighter  
Contact was made with the opposing objective  
You went from something to nothing in just under a second M to the O to the L to the O to the T to the O to the  
V For those illiterates bastards who cannot spell Molotov is who we be M to the O to the L to the O to the T to  
the O to the V For those illiterate bastards who cannot spell Molotov is who we be They call us Molotov because

Keep on talking shit if you're looking for fight  
Your mouth keeps moving but all I hear is noise  
If you're fucking with the gringo  
You better you better go get yours boys

Mike, Pac and Tito, they got my back  
If you think you're bad enough I'll put you down the smack
